

care

that's all we ask

Hi there & thank you so much for taking ownership of me.

Where do I come from?

I am made of timbers sourced exclusively from House 2067, a beautiful family home. I am from a Californian Bungalow built in 1919 from mixed timbers which has been lovingly restored. This means I am not just recycled, I have an authentic **house of origin.**

With a little affection, you can keep the story going & make my story *our* story.

Please oil me every few months by applying regular grapeseed oil with paper towel. Stand for 20 minutes then wipe off any excess before your next chop.

..... IMPORTANT

Please, never, ever, soak me or leave me standing in water. I am very well seasoned, but I am still wood. I'm a bit delicate & a lot porous.

Thanks & lets get:

| chopping | dicing | cooking | entertaining | engaging |

house of origin
